

# Building Block Prayers

Use any type of building blocks (wood, plastic, Lego, dominos...) to build a prayer. Take turns adding a "block" with each one representing a prayer request, a prayer of thanks, someone's name, or even a question for God. See how big or tall you can make it. When you're finished, say a blessing for your prayer tower (and don't worry if it tumbles, that's part of the fun!).
